EDITED BY

STATE PRINTER OF PENNSYLVANIA.
1897.

PREFATORY NOTE.

The Editor calls attention to the fact that neither he or the Printer are responsible for the bad or changeable orthography of the surnames. The Transcripts are faithful copies of the originals, and not in a single instance has any change been made.

The interest in this volume of Transcripts centres in that of 1784, which gives us a complete census of the County of Bucks for that year. The following is the population by townships, the first column being number of white inhabitants, the second blacks and slaves:

Lower Milford,	859	2
Richland,	860	0
Springfield,	979	0
Durham,	360	4
Nockamixon,	629	0
Haycock,	614	0
Rockhill,	969	0
Hilltown,	941	7
Bedminster,	988	3
New Britain,	754	10
Solebury,	928	0
Warrington,	946	7
Tinicum,	769	9
Buckingham,	1,137	13
Warwick,	609	27
Warminster,	368	28
Wrightstown,	360	4
Northampton	722	94
Bensalem,	653	75
Upper Makefield,	792	5
Southampton,	538	30
Lower Makefield,	722	26
Newtown,	497	28
Falls,	908	69
Bristol borough,	264	24
Bristol township,	716	41
Middletown,	698	43

Making a total of 19,580 white inhabitants and 529 negroes and slaves.

It may be stated in this connection that where the word "est" (estate) is employed, it does not signify in all instances that the individual was deceased.
